Counselor's Mission:

The mission at Sandcreek Middle School is to empower all of our students by providing them with the tools and resources they need to achieve academically and personally. As counselors, we will advocate for our students through the implementation of interventions directed toward social, emotional, and academic skills that are needed to be successful. Of course, this cannot be accomplished without the help of our teachers, administrators, support staff, and parents.

Some reasons a student may see a counselor:

Stress or anxiety

Class scheduling

Family or friend concerns

Divorce

Bullying

Suicidal ideations or worried about a friend

Poor study skills

How a student can access the services of the school counselor:

Self-referral

Referral from parents

Referral from teachers or administrators

What a student says to a counselor will remain confidential unless...

Someone is hurting the student

The student is hurting himself/herself

The student is hurting someone else
